Erkenntnis (2005) 63: 425–426
DOI 10.1007/s10670-006-7616-2

CONTENTS OF VOLUME 63

ERKENNTNIS / *Volume 63 No. 1 January 2005*

Editorial 1–6

ANJAN CHAKRAVARTTY / Causal Realism: Events and Processes 7–31

DANIEL MURRAY HAUSMAN / Causal Relata: Tokens, Types, or Variables? 33–54

ROBERT C. BISHOP / Anvil or Onion? Determinism as a Layered Concept 55–71

JERZY GOŁOSZ / Structural Essentialism and Determinism 73–100

SUNGHO CHOI / Understanding the Influence Theory of Causation: A Critique of Strevens 101–118

JACK RITCHIE / Causal Compatibilism – What Chance? 119–132

AMIR HOROWITZ / Externalism, The Environment, and Thought-Tokens 133–138

KEN GEMES / Hypothetico-Deductivism: Incomplete but not Hopeless 139–147

ERKENNTNIS / *Volume 63 No. 2 September 2005*

RONALD N. GIERE / Scientific Realism: Old and New Problems 149–165

TIMOTHY D. LYONS / Toward a Purely Axiological Scientific Realism 167–204

HENK W. DE REGT / Scientific Realism in Action: Molecular Models and Boltzmann's *Bildtheorie* 205–230

USKALI MÄKI / Reglobalizing Realism by Going Local, or (How) Should our Formulations of Scientific Realism be Informed about the Sciences? 231–251

IGOR DOUVEN / Evidence, Explanation, and the Empirical Status of Scientific Realism 253–291

ERKENNTNIS / *Volume 63 No. 3 2005*

Editorial 293–294

PAUL THAGARD / Testimony, Credibility, and Explanatory Coherence 295–316

TOMOJI SHOGENJI / The Role of Coherence of Evidence in the Non-Dynamic Model of Confirmation 317–333

MARK SIEBEL / Against Probabilistic Measures of Coherence 335–360

LUC BOVENS and STEPHAN HARTMANN / Why There Cannot Be a Single Probabilistic Measure of Coherence 361–374

DAVID H. GLASS / Problems with Priors in Probabilistic Measures of Coherence 375–385

ERIK J. OLSSON / The Impossibility of Coherence 387–412

KEITH LEHRER / Coherence and the Truth Connection 413–423

Volume Contents 425–426
